Dear Resident

GRAYLANDS HOSPITAL EXPANSION WORKS (GRAYLANDS CAMPUS PROJECT)

I am writing to update you on the activities being planned for the Graylands Hospital site.

Graylands Hospital is a fully accredited mental health inpatient facility that has existed in Mount Claremont for over a century.

The Graylands Campus Project responds to a long-identified need for additional forensic mental health capacity in Western Australia, highlighted through multiple reviews, planning processes and demand assessments over many years.

The project is currently in the design stage and in time will deliver 40 specialist forensic mental health beds. This will include a 32-bed sub-acute male forensic mental health unit, a dedicated eight-bed child and adolescent forensic mental health unit and an integrated patient services and rehabilitation centre, within the existing Graylands Campus site.

The dedicated child and adolescent forensic mental health unit will be the first of its kind in Western Australia and will provide vulnerable young people who interact with the justice system with specialist care in a safe and therapeutic environment.

The facilities are designed to provide a supportive environment for mental health treatment and recovery, while keeping patients and the community safe.

As part of the project, the Claremont Therapeutic Riding Centre (CTRC) will be relocated from its current location on the north-eastern portion of Graylands to an adjacent site at 9 John XXIII Avenue, Mount Claremont. The horse-riding centre is Western Australia's largest riding school catering for people with disabilities and provides important therapeutic and recreational services.

Construction of the new riding centre is expected to commence in mid-October 2026.

The Graylands Campus Project, including the relocation of the CTRC, is being delivered by the Office of Major Infrastructure Delivery (OMID) on behalf of the Department of Health and the North Metropolitan Health Service.

If you have any questions about the project, please call or email 9326 3666 / info@omid.wa.gov.au or visit the OMID website at www.omid.wa.gov.au.

Yours sincerely
